

# R.W. Sullivan Engineering

MEP/FP Engineering . Code . Commissioning

R.W. Sullivan Engineering provides HVAC, Plumbing, Fire Protection, Electrical Engineering, Code Consulting, and Commissioning services to some of the region's leading businesses and institutions. Our firm is a third-generation family business located in Boston, currently employing 95 staff members.

We are seeking a full-time mechanical engineer for **Energy Modeling**, to join our growing energy and sustainability consulting group. We are looking for motivated candidates who can grow with this department. The selected applicant will perform energy modeling and building analyses. Experience performing building energy modeling is a requirement for applying to this position. This position will require you to collect relevant information to perform energy and cost analysis. Projects will require energy modeling with Trane Trace, or similar software. The ideal candidate will be adaptive to working with all property types, and knowledgeable regarding a variety of HVAC systems.

## Experience and Requirements

- Building energy modeling
- BSME
- Understanding of and experience with a variety of HVAC systems
- Familiarity with ASHRAE standards and International Energy Code (IECC)
- Excellent report writing skills, computer and internet skills
- Excellent communication and time management skills
- Ability to complete assignments on-time and within budget
- Minimum of 3 years of experience

## Registration Requirements

- EIT or PE a plus
- LEED AP credential a plus

## Benefits

We offer a comprehensive benefits package, which includes Health Insurance, Dental, 401(k), Short-term/Long-term Disability Insurance. Education Reimbursement, Flextime, Life Insurance, Health Club Membership, Bonus Opportunities and more. We are located at the Schrafft Center, 529 Main Street, Ste. 203, Boston MA, conveniently across from the Sullivan Sq. MBTA Station.
